

# Prerequisites

In order to use the route management you need

- Airline
- FBO at the airport of departure
- Terminal at the departure airport (always pay attention to the size)
- Business Lounge at the departure airport, if business taxis are to be generated
- FBO at destination airport
- Terminal at destination airport
- at least 1 aircraft in the airline

***If you fly from the destination airport back to the departure airport and business paxes are to be generated there as well, a business lounge must also be rented there.***
