FBO-Management

This area comprises the business management part of Fly The World. From here, banking transactions can be made, airlines can be founded and managed, and FBOs can be set up.

**Bank:** This page allows access to the personal bank account. The bank accounts of each company are accessed from the Airlines section.

**Airlines:** those who no longer want to earn their living as a freelancer and instead want to aim high with their FTW career will find the opportunity to do so here. Provided you have the necessary change, of course.

**FBO Management:** Here you will find an overview of all rented FBO objects. Furthermore, new objects can be added here and fuel orders can be placed.
