

License check terminal

The license check was programmed in the terminal, in the future only jobs with the same license as the orders can be flown.

Exceptions:

- 1. FTW system jobs
- 2. PPL-A aircraft are allowed to fly any kind of job

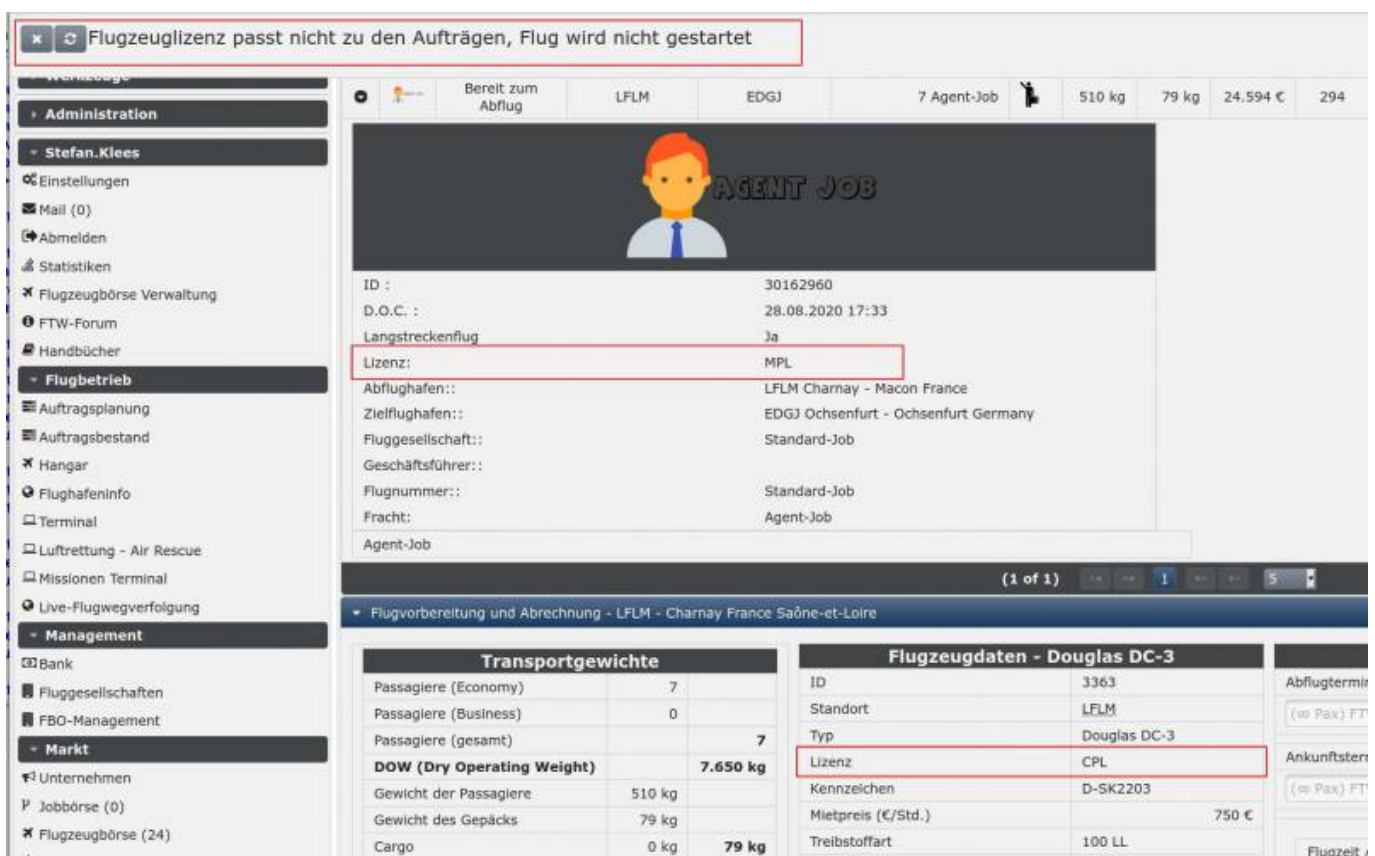

Only FTW system jobs with one (1) license may be mixed.

Example: FTW system jobs + CPL or FTW system jobs + MPL etc.

What does not work:

Example: CPL + MPL or MPL + ATPL etc.

If the licenses do not match, the following error message appears:
